Report Descriptions

1. Summary information about applicants, including how many were not hired, how many are current employees, and how many are now alumni. They do not want to count an applicant more than once.

	Applicant Type	Total
1	Alumni	10
2	Employee	10
3	NotHired	6

The purpose of the report is to show Hawkins U-Fit the total number of applicants who were alumni, the total number of applicants who were employees, and the total number of applicants who weren't hired.

2. Relevant information about an applicant for interview purposes (i.e., any information that would help make a hiring decision). There is no need to include contact information other than the applicant's name and email.

The purpose of this report is to give the Hawkins U-Fit hiring department information on applicants for interview purposes. We decided that the applicant's ID, first name, last name, email, major, GPA, desired hours, schedule, and screened out information would be great information that Hawkins would need in deciding who to choose for an interview. We believe this information is necessary for interview purposes to effectively track contact information, academic information, and work-related information that we feel will determine the best candidates for the positions.

4. Pay information for each employee, including standard rate for the job role, starting pay rate, current pay rate, date of last pay raise, and number of raises the employee has had while in that job role.

	EmployeeApplicantID	StandardPayRate	StartPayRate	CurrentPay	PayRaiseDate	NumPayRaises
1	111111	70.25	32.75	107.75	2023-03-20	1
2	111112	67.50	27.50	107.50	2023-03-21	1
3	111113	55.375	30.00	80.75	2023-03-22	1
4	111114	56.00	25.75	86.25	2023-03-23	1
5	111115	42.625	30.00	55.25	2023-03-24	1
6	111116	47.25	32.00	62.50	2023-03-25	1
7	111117	59.75	34.50	85.00	2023-03-26	1
8	111118	65.25	35.25	95.25	2023-03-27	1
9	111119	63.00	28.00	98.00	2023-03-28	1
10	111120	57.50	30.00	85.00	2023-03-29	1

The purpose of this report is to show Hawkin U-Fit the pay rates for all current employees, including their starting pay rate, their current pay rate, as well as what the standard pay rate is for their position. Additionally, it shows when their last pay raise was and the number of pay raises each employee has had at the time of reporting.

6. A list of employees by program, job role, and the average hours worked per week in that job role and program.

	EmployeeApplicantID	ProgramID	JobRole	AverageHoursPerWeek
1	111111	333331	Advising basketball employees	35
2	111112	333332	Advising yoga employees	30
3	111113	333333	Coaching the volleyball team	30
4	111114	333334	Helping monitor the swimming program	35
5	111115	333335	Managing the gym daily	34
6	111116	333336	Enforcing rules at football games	33
7	111117	333337	Helping manage the soccer program	40
8	111118	333338	Training crossfit program	40
9	111119	333339	Coaching the baseball team	40
10	111120	333340	Teaching people how to play softball	37

The purpose of this report is to show Hawkin U-Fit their employee, the program ID they are applying for, their job role, and the average hours they work per week. We thought it would be a good idea to add this because it provides easy access for Hawkin U-Fit to look at the information about their employees regarding their jobs.

7. The number of participants enrolled in each activity by month, year, and by employee assigned to the activity and program managing the activity.

	TotalParticipants	EnrollmentMonth	EnrollmentYear	ProgramActivityID	EmployeeApplicantID
1	1	8	2022	777771	111111
2	1	8	2022	777772	111112
3	1	8	2022	777773	111113
4	1	7	2022	777774	111114
5	1	6	2022	777775	111115
6	1	8	2022	777776	111116
7	1	7	2022	777777	111117
8	1	7	2022	777778	111118
9	1	6	2022	777779	111119
10	1	7	2022	777780	111120

The purpose of this activity is to show Hawkin U-Fit the number of participants enrolled in each activity as well as the month and year that they enrolled. Additionally the EmployeeApplicantID for each employee is included to ensure maximum ability to track the employees working in each activity.

A list of employees who aren't managers and have a starting pay rate higher than the average starting pay rate.

	EmployeeApplicantID	StartPayRate
1	111111	32.75
2	111116	32.00
3	111118	35.25

The purpose of this report is to show Hawkins U-Fit which employees (tracked by EmployeeApplicantID) are paid higher than average when it comes to employees who aren't managers. This is a way to check which employees are outliers in starting pay rate. Since most regular employees make average or less than average, there could potentially be a mistake in pay rate.

A list of applicants in alphabetical order who have a GPA above 3.6 and are available to work in the summer.

	ApplicantID	AppFirstName	AppLastName	GPA	SummerAvail
1	100006	Anthony	Adams	3.99	Yes
2	100009	Dennis	Brown	3.64	Yes
3	100016	Elizabeth	Hamis	3.72	Yes
4	100007	Jessica	Nomis	3.85	Yes
5	100001	Jackson	Richards	3.65	Yes
6	100015	Madison	Roberts	3.76	Yes
7	100017	Greg	Rose	3.84	Yes
8	100004	Hannah	Sanders	3.81	Yes

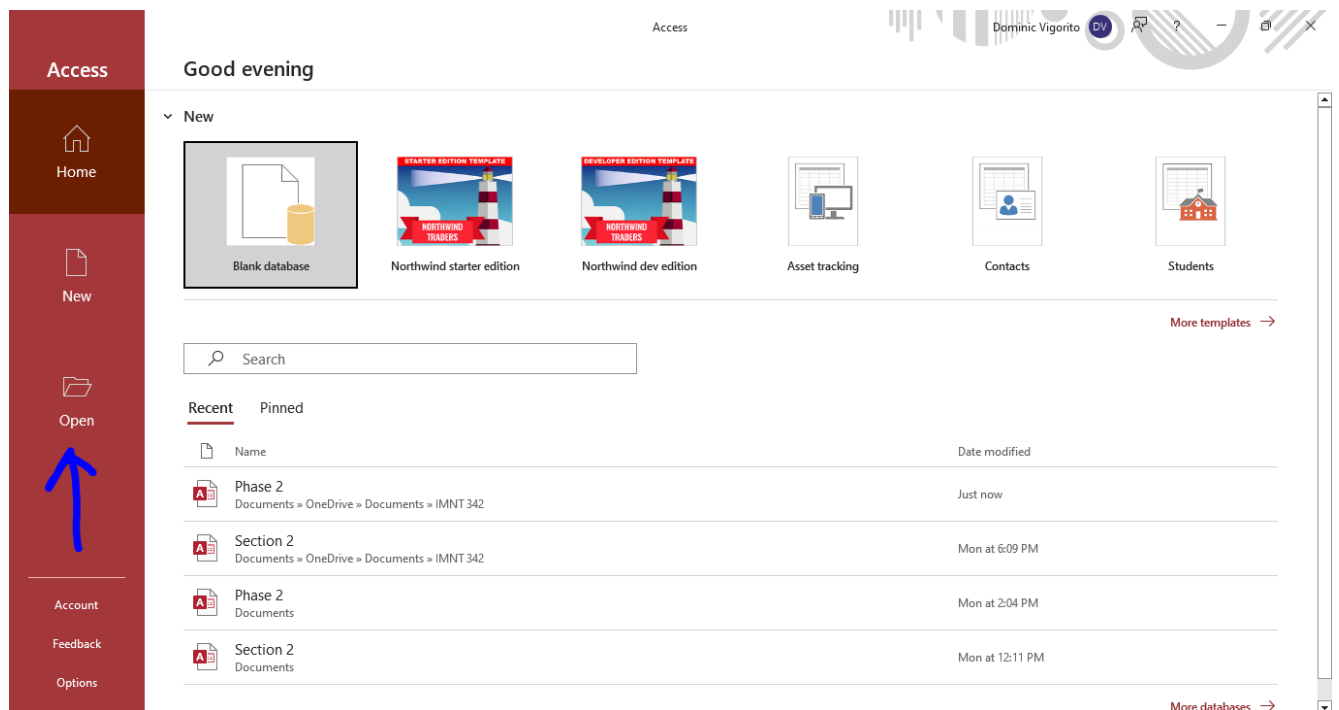

The purpose is to show applicants ordered alphabetically that are available in the summer and also have a high GPA (above 3.6). Many students return home for the summer making it more difficult to find reliable staff. A high GPA shows a certain amount of reliability in an applicant, so we believe it would be helpful to put a high priority on hiring these applicants. The ApplicantID, first and last name are included to make it easier to find more information about the applicants in other tables.

How-To

1. Open the Access application on your computer.

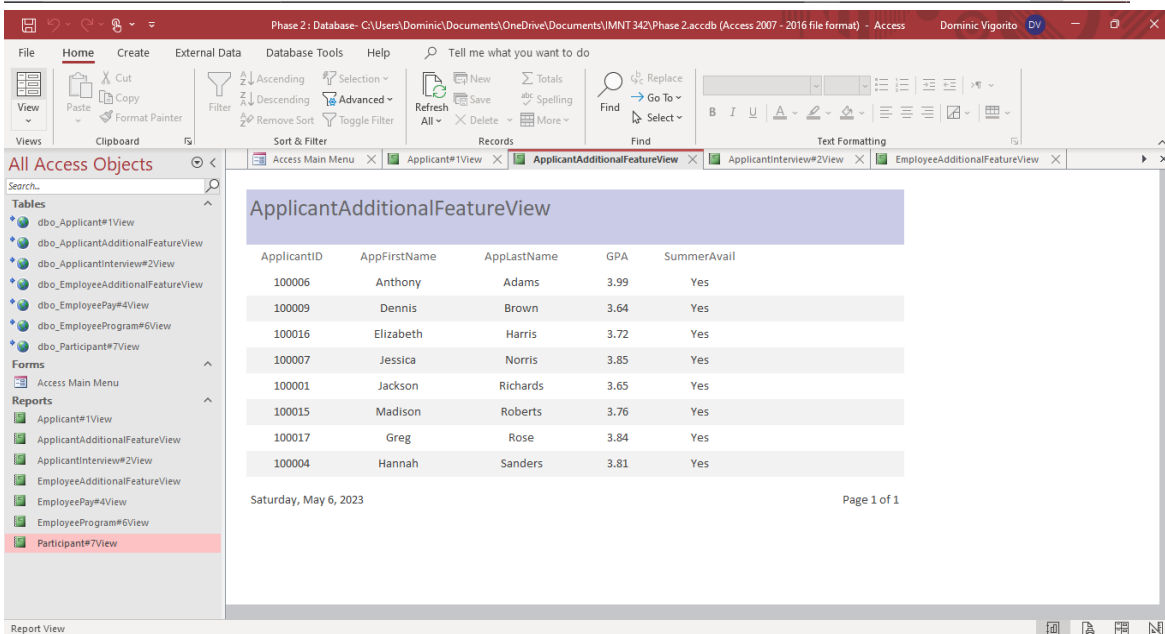

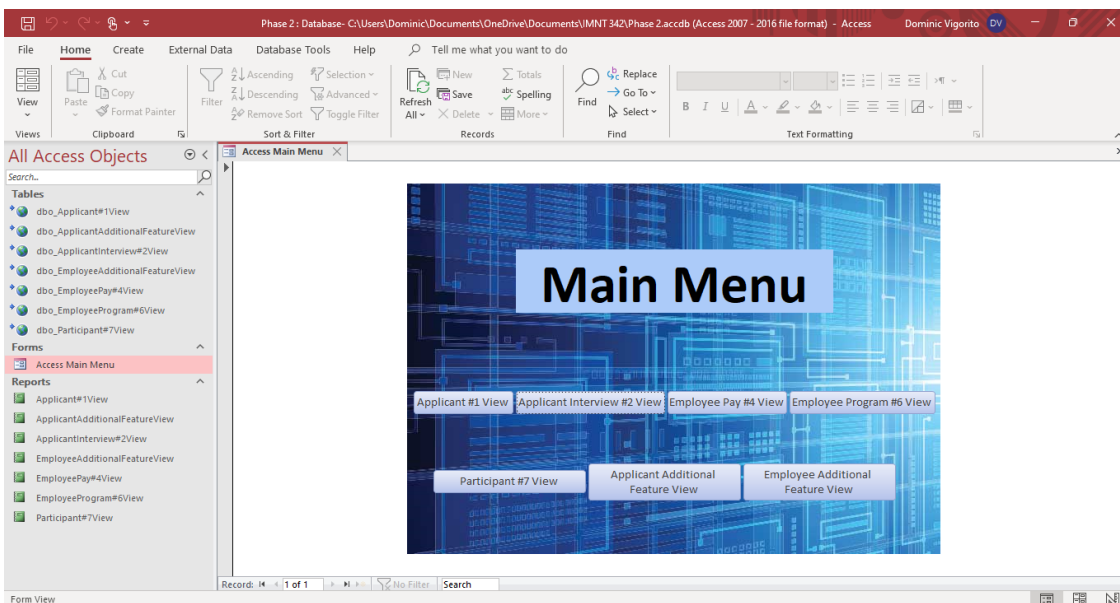

2. Go to Open

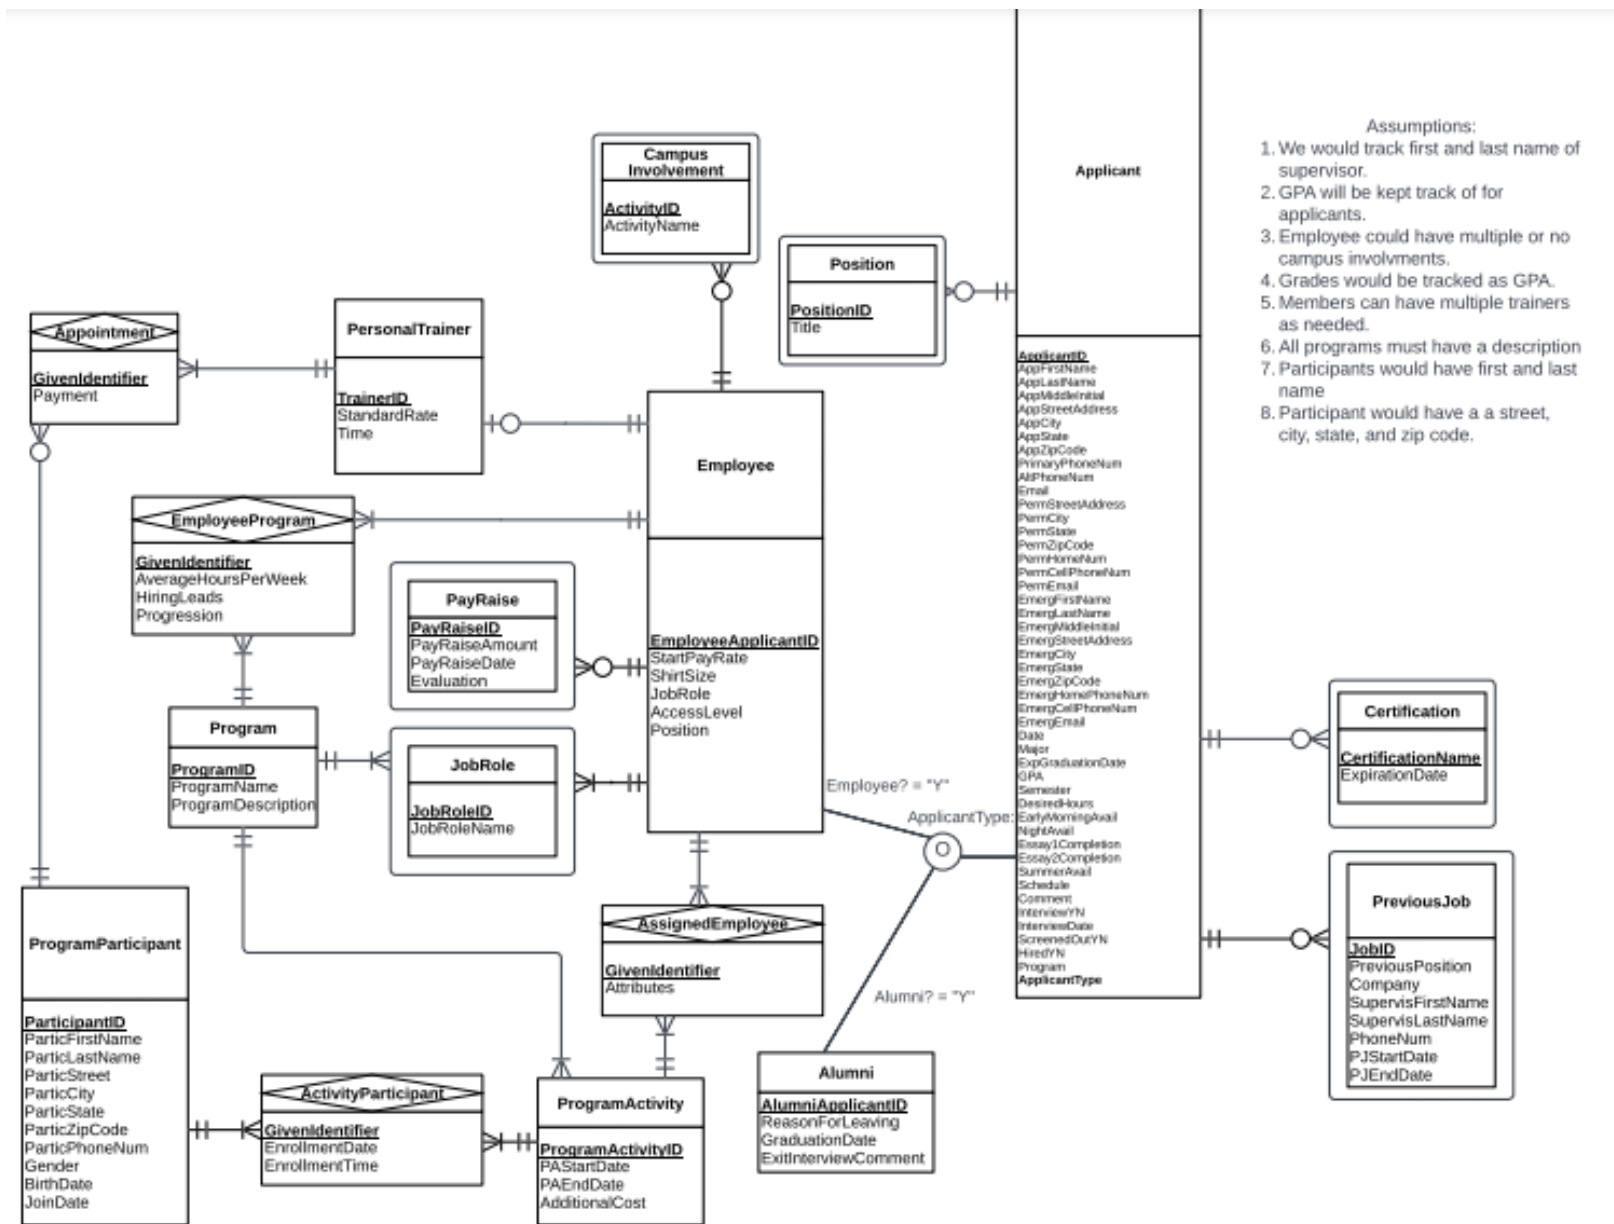

3. Type *Phase 2* into the search bar and click on the file *Phase 2*

4. Click on any of the 7 report titles to look at reports

JobRole								
Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
<u>JobRoleID</u>	PK. Unique sequential number	Auto Number	6	999999				Y
JobRoleName	The name of the job role	Text	75					Y
<u>EmployeeApplicantID</u>	FK. References EmployeeApplicant ID in the Employee table. Indicates which employees have the job role	Int	6	999999				Y
<u>ProgramID</u>	FK. References ProgramID in the Program table. Indicates which program the job role belongs to	Int	6	999999				Y

CampusInvolvement								
Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
<u>ActivityID</u>	PK. Unique sequential number	Auto Number	6	999999				Y
ActivityName	The name of the campus involvement	Text	30					Y
<u>EmployeeApplicantID</u>	FK. References EmployeeApplicant ID in the Employee table. Indicates which employees	Int	6	999999				Y

	are involved in the activity							
--	------------------------------	--	--	--	--	--	--	--

PersonalTrainer								
Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
<u>TrainerID</u>	PK. Unique sequential number	Auto Number	6	999999				Y
StandardRate	The amount that the trainer is paid per hour	Money	4	\$99.99			>0	Y
TotalHoursPerWeek	The number of hours the trainer works in a week	Int	2				>0	Y
<u>EmployeeApplicantID</u>	FK. References EmployeeApplicant ID in the Employee table. Indicates which employees have the trainer	Int	6	999999				Y

Appointment								
Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
<u>TrainerID</u>	FK. References TrainerID in the PersonalTrainer table. Indicates which trainer the appointment is for	Int	6	999999				Y
<u>ParticipantID</u>	FK. References ParticipantID in the ProgramParticipant table. Indicates which participant has the appointment	Int	6	999999				Y

Payment	The amount paid/owed for the specific appointment	Money	4	\$99.99			>0	Y
---------	---	-------	---	---------	--	--	----	---

AssignedEmployee								
Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
<u>EmployeeApplicantID</u>	FK. References EmployeeApplicant ID in the Employee table. Indicates which employees are assigned	Int	6	999999				Y
<u>ProgramActivityID</u>	FK. References PprogramActivityID in the ProgramActivity table. Indicates which program is being assigned to	Int	6	999999				Y

EmployeeProgram								
Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
<u>EmployeeApplicantID</u>	FK. References EmployeeApplicant ID in the Employee table. Indicates which employees are in the program	Int	6	999999				Y
<u>ProgramID</u>	FK. References ProgramID in the Program table.	Int	6	999999				Y

	Indicates which program the employees are in							
AverageHoursPerWeek	The average hours per week each employee worked in their programs	Int	2	99			>0	Y
HiringLeads	Any potential hiring leads found for the programs	Text	30					N
Progression	Employee's progression through their program	Text	30					N

ProgramActivity								
Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
<u>ProgramActivityID</u>	PK. Unique sequential number	Auto Number	6	999999				Y
PAStartDate	The date the activity started	Date		99/99/99				Y
PAEndDate	The date the activity ended	Date		99/99/99				N
AdditionalCost	Any additional costs to enroll in the activity	Money	4	\$99.99			>0	N
<u>ProgramID</u>	FK. References ProgramID in the Program table. Indicates which program the activity is for	Int	6	999999				Y

Program

Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
<u>ProgramID</u>	PK. Unique sequential number	Auto Number	6	999999				Y
ProgramName	The name of the program	Text	30					Y
ProgramDescription	The description of the program	Text	75					Y

ActivityParticipant

Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
<u>ParticipantID</u>	FK. References ParticipantID in the ProgramParticipant table. Indicates which participant is in the activity	Int	6	999999				Y
<u>ProgramActivityID</u>	FK. References ProgramActivityID in the ProgramActivity table. Indicates which activity the participant is in	Int	6	999999				Y
EnrollmentDate	The date the participant enrolled in the activity	Date		99/99/99				Y
EnrollmentTime	The time the participant enrolled in the activity	Time		99 : 99 aa			aa = am OR pm	Y

ProgramParticipant

Field Name	Description	Data Type	Field Size	Format	Input Mask	Default Value	Validation	Required
------------	-------------	-----------	------------	--------	------------	---------------	------------	----------

<u>ParticipantID</u>	PK. Unique sequential number	Auto Number	6	999999				Y
ParticFirstName	The participant's first name	Text	20					Y
ParticLastName	The participant's last name	Text	20					Y
ParticStreet	The participant's street address	Text	30					Y
ParticCity	The participant's city of address	Text	30					Y
ParticState	The participant's state of address	Text	2	AA				Y
ParticZipCode	The participant's zip code on the address	Text	5	99999				Y
ParticPhoneNum	The participant's phone number	Text	12		999-999-9999			Y
Gender	The participant's gender	Text	6					Y
BirthDate	The participant's date of birth	Date		99/99/99				Y
JoinDate	The date the participant joined	Date		99/99/99		Default: Today's Date		Y
